Slide 8

Person

Submits an application and a completed questionnaire to the DWCAS

DWCAS

Logins to the medical case of the person via E-Health – Personal Health Care Institution

Logins to the municipalities via SPIS and requests information about personal needs – Social workers of municipalities

DWCAS

Decision regarding the level of working capacity (per cent) – Grants a benefit due to loss of working capacity

DWCAS – decision regarding the level of individual needs – Satisfaction of individual needs in municipalities. For each level a basket for satisfaction of individual needs is established for municipalities. It is offered to established 4-5 levels of individual needs, which would depend on the scope of assistance a person requires and its complexity. Municipalities, having received funds for every disabled person, could plan the development of services.

**The purpose is to enable a person to live independently and to integrate into the labour market.**

Slide 9.
